

K-LOVE Radio station is a life-saver in the Grand Valley. It spiritually feeds the hungry and encourages the downtrodden. This community would suffer greatly from the loss of this radio station should it be displaced by an LPFM broadcaster. I STRONGLY REQUEST that you leave K-LOVE on FM translators. Myself and MANY others listen to K-LOVE whenever they can-at work, home or in their vehicles. The service provided by K-LOVE is DEFINATELY, WITHOUT A DOUBT in the public interest!!! It is one of the ONLY POSITIVE radio stations we have, and is the ONLY Christ-Centered radio station we have...in the world we live in I would think the FCC would fully support this ministry by not interfering with alternative services such as LPFM! I am 20 years old, and started listening to K-LOVE when I was 16 or so. Had it not been for K-LOVE's encouraging music and ministries, I don't know how long it would have taken me to stop listening to the corrupt music of artists such as M&M and Fred Durst, because what other alternative was there??? THANK YOU FOR NOT REPLACING THE FM translators with LPFM, WE NEED K-LOVE!!!!!!!
